Newsletter: 18<sup>th</sup> Dec 2018, Week 10, Term 4**

**MESSAGE FROM THE PRESIDENT...**

Thank you to everyone who came to our December P & C meeting last week and a special thanks to Santa (and Garno) for coming to visit us. We enjoyed a fun Xmas night finished off with some great food.

Our next meeting will be Wednesday 20<sup>th</sup> February 2019 which will be a wine and cheese night. We had four new faces at our December meeting and would love to see a few more in February. Thank you to Venus for taking on Secretary, Maria for Assistant Secretary and Sarah for Mother's/Father's day stall. All positions are now filled so there will be no pressure to sign up to a position 😊. Just come along and see what it's all about and make some new friends along the way. It is also a great way to find out what is going on at school.

On behalf of the P & C I would like to wish everyone a safe and happy Christmas and look forward to seeing you for an exciting calendar of P & C events in 2019.

Regards,

*Melissa.*

**Next meeting: Wednesday  
20<sup>th</sup> Feb 19 at 7pm in the

## **MEET THE TEAM**

This week we meet our two Vice Presidents ....

Vice President: Jasmine Theophile

Kids: Remi in Year 4 in 2019 and Riley in Year 3 in 2019.

Lesser known fact about me: These days for relaxation, I love composing and recording music (especially in musical theatre) and I decided to learn the cello for the first time in late 2018 to fulfil a childhood dream.

Why did I become involved in P & C?: To help be part of a team that drives more opportunities for Lugarno school students to be able to experience each year (e.g. increased grant funding for improving equipment, or introducing orchestral instruments into the school band etc).

Vice President: Phil Walker

Kids: Ewyn started in 2006 and finished in 2012, Keira started in 2011 and finished in 2017, Callan is going into Year 3 in 2019 and Aiden will join us in 2022.

Lesser known fact about me: I go to Ozcomiccon every year and may have even dressed up as Darth Vader a few times ...

Why did I become involved in P & C?: P & C is a great opportunity to give back to the school, we have such a strong community, the nice air-conditioning that keeps your children cool on those hot summer days was a P & C initiative so we do make a positive difference.

### **Lugarno Public School Students Engineering Their Future**

A group of Lugarno Public School students embarked on a Young Engineers journey to satisfy their curiosity, to explore and to become the next generation of creative-thinkers and problem-solvers.

Over the course of this year, these students met every Wednesday afternoon and learnt all about the world around them from Isaac Newton to his laws of motion, from gear ratios to symmetry, plus many many more...

Following the engineering process, students built prototypes of 30 different Lego models and they saw how things were made to move, the ability to change the speed of movement, and why the world existed the way it did. We built a washing machine and saw how centrifugal forces helped drain the water from the drum, we built a balloon car and saw Newton's Third Law of Motion, and we built a hopping rabbit and saw the importance of symmetry in our machines.

We are so proud of their achievements! Young Engineers will continue to run at Lugarno Public School next year and we are looking forward to another year of creative fun and learning.
